

LAYING THE FOUNDATION IN-NETWORK PROVIDER

14 - DAY GUIDE

Knowing where to start to launch your practice can seem like you're standing in the middle of a forest with no map or app to guide you. Our Laying The Foundation strategy is going to supply you with the correct steps to jump start your process. Our outline will also lay out the path to allow you to avoid a lot of wasted time.

Laying Your Foundation:

Your foundation says it all. So, we created the 14-Day Guide to navigate you through this process. Some items in this guide may not require a full-day or was completed before receiving this blueprint. If so, use that day to follow-up on other tasks or read up on the next one. These action items are to make sure you complete all tasks necessary for you to becoming closer to being an in-network provider.
